PROJECTS

ASOS.COM -CLONE (Solo Project)

September 2022 - completed in 5 days

ASOS is an online fashion retailer which sells clothes online, from its own home lines and from a variety of different brands.

Areas of Responsibility :

- Developed a Homepage with NavBar and Footer with the help of Chakra UI
- Use Axios to fetch data from a self-made API through LocalHost with the help of JSON server
- Used REQRES for Authentication to provide Private Router

Tech Stack Used - (ReactJS , CHAKRA UI , CSS , JSON)

ENVOY.COM -CLONE (Group - 5 members)

August 2022 - completed in 3 days

Envoy's workplace platform enables you to connect, share, automate, or build your own app with anything in your workplace.

Areas of Responsibility :

- Created a GitHub Repo with the proper information for the project
- Guided the team with tech stacks
- Made Signup , Login, Logout, and Forget-password Page
- Provided different but necessary conditions for the password validation in the backend

Tech Stack Used -(HTML , CSS , JavaScript(ES6 & ES5))
